Privacy Policy

The protection of personal information is important to the Landscape Alberta Nursery Trades Association (Landscape Alberta). We have policies and procedures dealing with the protection of privacy. Our organization does not usually collect personal information from individuals, other than business contact information, which is not considered to be personal information under Bill 44 - *Personal Information Protection Act* (PIPA) in Alberta, and may be collected, used and disclosed without consent. Our privacy policy complies with the requirements of the Personal Information Protection and Electronic Documents Act of Canada (PIPEDA). In the event that we do collect personal information, that information will only be used by us to administer member services and activities directly relating to the Association. We disclose member information to the following third party: Canadian Nursery Landscape Association (CNLA). We disclose this information in order to provide member benefits. On occasion, we disclose member information to affinity group parties for the administration of group purchase/affinity programs available to our members only. Members consent to us collecting, using and disclosing personal information for the purposes outlined above by agreeing to provide us with the personal information. A complete copy of our Associations' Privacy Policy is available by contacting our association office at 1-800-378-3198.

MEMBERSHIP CATEGORIES:

☐ Active

Partnership, Corporation or Proprietorship actively engaged in one or more of these business categories:

Tree Nursery Producer, Landscape Construction and/or Maintenance Contractor, Lawn Care Provider, Arborist, Greenhouse Operator, Garden Centre Operator, Sod Producer, Irrigation Contractor, Landscape Designer, Horticultural Consultant.

Active category applicants require the recommendation of two member "sponsors" (see details at bottom of page). Sponsorship establishes that applicant companies have operated successfully in the industry for a period of time and have positive business relationships with suppliers and industry peers.

☐ Associate

Businesses supplying material, products and/or services to the Landscape/Horticultural industry (that fall outside the businesses eligible for Active category membership as described above).

NOTE: Landscape Alberta is a member of the Canadian Nursery Landscape Association (CNLA). Landscape Alberta members in the Active and Associate categories are automatically registered with the CNLA and are granted access to valuable national discount programs. *These programs are administered by the CNLA - for details on all member savings programs visit www.cnla.ca/savings*

☐ Affiliate

Municipality, town, county, city department, municipal/improvement district, allied association, private or public golf course; also institutional departments that provide landscape/horticultural services for hospital, college/university, research facility, zoo or theme park, etc.

Affiliate members are eligible for member pricing on association event registrations but are not eligible for the national discount programs offered through the Canadian Nursery Landscape Association (CNLA).

☐ Out of Province

Company must be a current member of their home province (or state) industry association, with no business operations based in Alberta.

For ACTIVE category applicants only: IMPORTANT

Landscape Alberta does not use a review committee to approve new members applying to join the Active category – rather, we ask applicants to secure the sponsorship (recommendation) of two current Active members. Alternatively, business references may be accepted – preferably from Associate (supplier) members. Contact Member Services for details. (A list of current Active members can be viewed at www.landscape-alberta.com under the Membership menu tab, choose "Find a Member" to search by area or company name.)

It is important to obtain permission from your sponsors prior to using their names in your application.
